

ACCELERATE JISA KEY FEATURES

KEY FEATURES DOCUMENT FOR THE YOUR ACCELERATE STOCKS & SHARES JUNIOR ISA

The Financial Conduct Authority is a financial services regulator. It requires us, Cooper Parry Wealth Limited, to give you this important information to help you to decide whether our Stocks & Shares Junior ISA is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference.

We do not provide or offer financial, legal or tax advice. You should seek your own financial, legal or tax advice from a financial adviser or another suitably qualified professional.

The Accelerate Junior ISA is provided and managed by Seccl Custody Limited, who is the authorised ISA manager. Seccl Custody Limited, a wholly owned subsidiary of Seccl Technology Limited, is registered in England and Wales (Number 10430958) and authorised and regulated by the Financial Conduct Authority (Firm Reference Number: 793200).

In this document, use of the terms us/we/our means Cooper Parry Wealth Limited operating as CP Accelerate.

ITS AIMS

- The Accelerate Stocks & Shares Junior ISA allows you to invest separately on behalf of the child in a tax-efficient way subject to a lower annual subscription limit.
- The Junior ISA enables you to spread and adapt your chosen funds as you wish, according to your financial goals and attitude to risk.
- You can switch funds or swap investment ranges within your Junior ISA.
- You can transfer your existing Junior ISA investments to us, without any loss of tax benefits.
- When the child for whom a Junior ISA is opened reaches age 18, it automatically converts into a Seccl Stock & Shares ISA held in their own name.

YOUR COMMITMENT

Minimum investments

- The minimum initial investment into one of our Junior ISAs is £1 and the minimum cash top-up is £1.

Choosing and Reviewing Funds

- You need to choose the Investments or funds in which to invest in. You will be provided with a Key Investor Information Document (KIID) for each chosen fund, and a Key Information Document (KID) for each chosen investment trust, which will have all the relevant information to help you make a decision.

- To ensure that your Junior ISA and your chosen investments continue to meet the needs of the child, you should monitor their performance regularly, consider new funds that become available and make whatever changes may be necessary.

Keeping in Touch

- There is no minimum period for holding one of our Junior ISAs, but you should consider it to be a medium- to long-term investment.
- You will need to keep us informed about any future change of address or contact details so we can maintain efficient records for your benefit.
- You should regularly review your investments and keep up to date with information about our service by logging into your account.

RISKS

- The value of your investment and the income from it can go down as well as up, and you may get back less than you put in. Past performance of any investment is not a guide to future returns.
- What you receive when you sell your investment is not guaranteed; it depends on how your investments perform.
- Tax rules can change, and your own tax treatment will depend on your personal circumstances. Speak to a qualified tax adviser if you're unsure.
- Governments can change the way Junior ISAs and other investments are taxed.
- Inflation can reduce the value of your money. Inflation means the cost of goods and services increasing over time. This has the effect of reducing the buying power of the money you have saved. A £10 note will still be worth £10 in five years' time, but you might not be able to buy as much with it.
- The funds available for you to invest all have specific objectives and associated risks. If the funds in your Junior ISA do not match your attitude to risk (willingness to accept potential losses), they may not perform as you anticipate.
- The effect of charges may be higher than illustrated. If you switch to funds with higher charges than those originally illustrated, or if fund management costs increase in the funds you initially chose, the effect of charges will change.
- If you hold cash in your account during the early years, you may get back less than you paid in. Stocks & Shares Junior ISAs are typically designed for medium to long term investing.
- If you decide to cancel your account within the first 30 days, you may get back less than you invested if its value falls in the meantime.

CANCELLING MY JUNIOR ISA

- Should you wish to cancel your Junior ISA you will need to do so by contacting us within 30 days of opening the account. You can choose to withdraw the value of any investments you've made or transfer to another provider.
